

Natural Resources and Parks:

- What People Do/Can Do:
 - Plant Native Trees, Shrubs, and Plants: 11
 - Plant a Pollinator Garden: 7
 - Remove Invasive Plants: 7
 - Preserve Existing Trees: 7
- Comments/Suggestions:
 - N/A

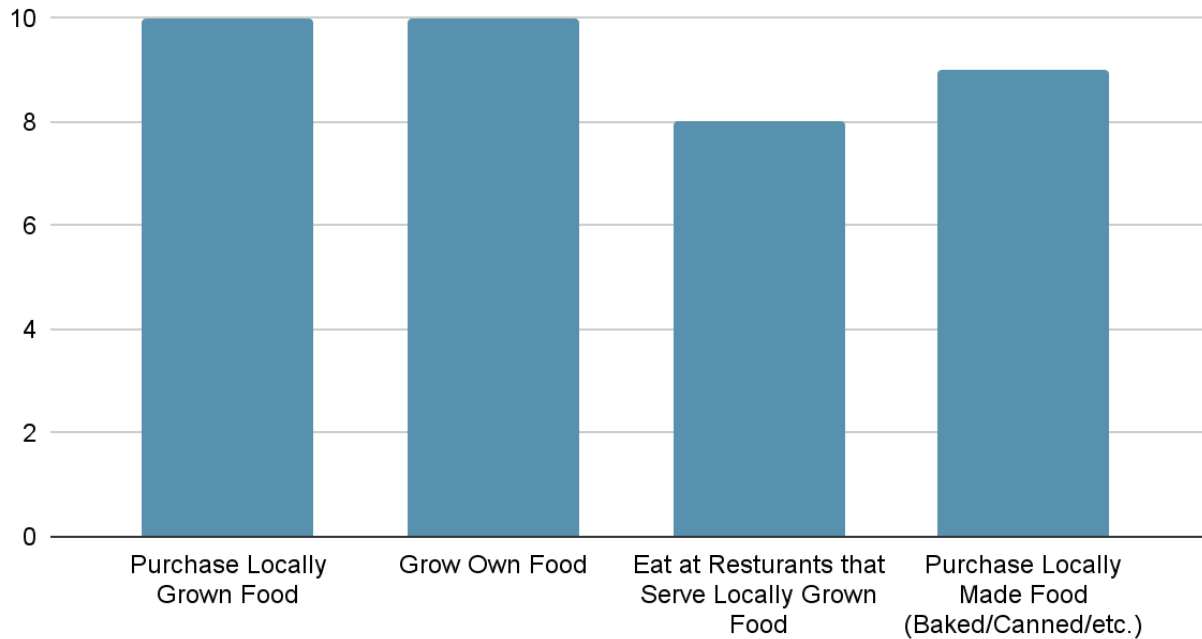

What People Do/Can Do

Local Food:

- What People Do/Can Do:
 - Purchase Locally Grown Food: 10
 - Grow Your Own Food: 10
 - Eat at Restaurants that Serve Locally Grown Food: 8
 - Purchase Locally Made Food (i.e. Baked and Canned Goods): 9
- Comments/Suggestions
 - Encourage people to become beekeepers
 - Increase community garden spaces/locations
 - Maintain Leola Community Gardens

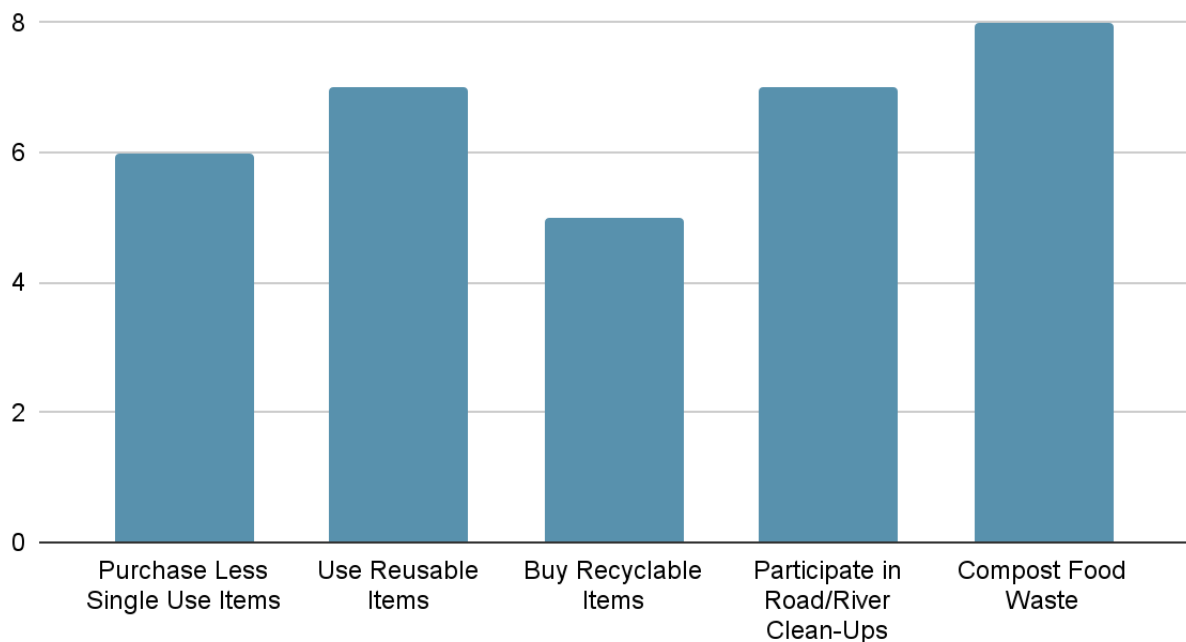

What People Do/Can Do

Waste:

- What People Do/Can Do:
 - Purchase Less Single Use Items: 6
 - Use Reusable Items (i.e. Shopping Bags, Take-Away Containers, etc.): 7
 - If You Must Buy Single Use, Buy Recyclable Products: 5
 - Participate in Road/River Clean-Ups: 7
 - Compost Food Waste: 8
- Comments/Suggestions
 - Community Education
 - Ex. Recycling campaign, how to recycle, 'don't bag your recycling'
 - Recycling education in local schools
 - Partnership with County to build out municipal-scale composting facility
 - Decentralized community composting options (i.e. neighborhood compost system)
 - Advocate (vote) for returnable bottle/can deposit law in NC
 - Town-wide restaurant/business ordinance eliminating single-use bags or to-go containers (or offer non-plastic option for small fee)
 - "Yes! I so believe in this and can help some."- Kathryn Mason
 - Reduce or eliminate the use of styrofoam and plastics which pollute our planter for many, many years

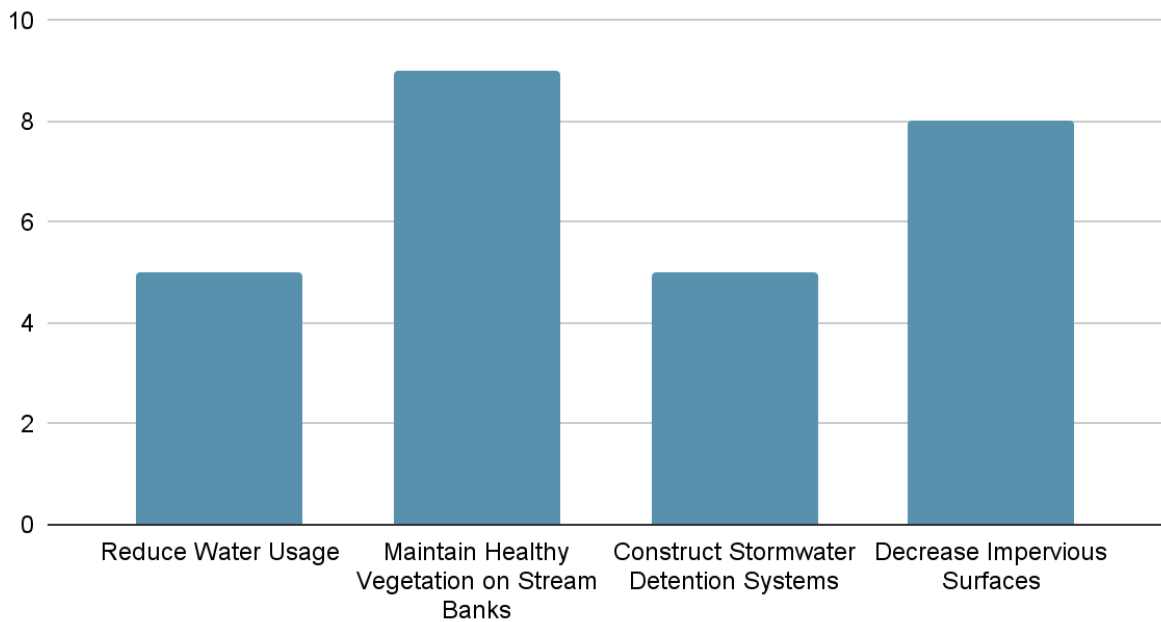

What People Do/Can Do

Water (Quantity and Quality):

- What People Do/Can Do:
 - Reduce Water Usage (i.e. low flow toilets): 5
 - Maintain Healthy Vegetation on Stream Banks: 9
 - Construct Stormwater Detention System: 5
 - Decrease Impervious Surfaces: 8
- Comments/Suggestions:
 - N/A

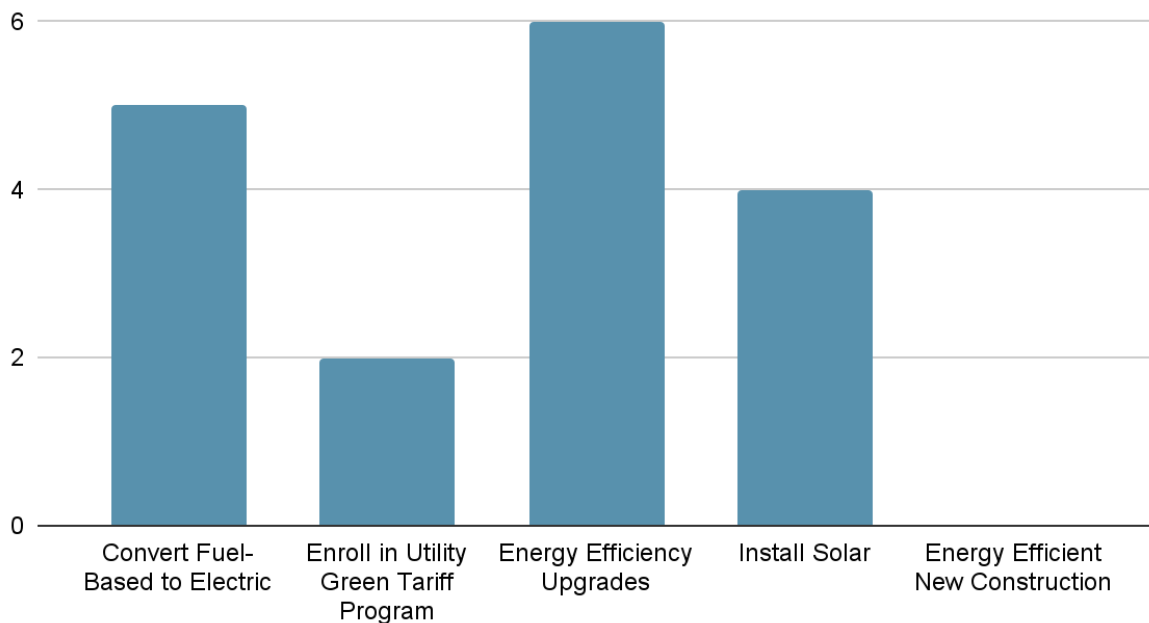

What People Do/Can Do

Energy and Buildings:

- What People Do/Can Do:
 - Convert fuel-based devices to electric: 5
 - Enroll in Utility Green Tariff Program: 2
 - Energy Efficiency Upgrades: 6
 - Install Solar: 4
 - Energy Efficient New Construction: 0
- Comments/Suggestions:
 - China is one of the major polluters. Reduce purchases from any item made in China
 - Consider investing in local carbon offsets that empower farms and businesses to sequester carbon from our local environment
 - Plastics are set to drive half of all oil demand growth by midcentury. Think more critically about indirect energy
 - Plastic bag tax

What People Do/Can Do

Transportation:

- What People Do/Can Do:
 - AppalCART: 6
 - Walk: 6
 - Bike: 2
 - Carpool: 3
 - Transition to EV or Hybrid: 2
- Comments/Suggestions:
 - Complete pedestrian short term reqs
 - Support ASU in offering AppalCART services to the Farmers' Market on Saturdays
 - Add toll to AppalCART
 - Train access to Triangle and beyond
 - Park and Ride stations
